What experience does your financial planner have?

What I love about being on the Thive Team….is being able to make real change to our clients financial affairs. Being a trusted advisor affords me the opportunity to get to know our clients and help them on the road to financial freedom. We are also a team of high performing people that love our work, and have fun.

In my view, what's different about Thrive compared with other firms is… Our team are genuinely about helping the clients, being approachable, and affordable to all. Our team specialises in working toward our client's goals with passion, and good old fashioned common sense advice.

What I love about my role is …. The clients I work with, are important to me. I want them to achieve their financial goals and love showing them the path to achieving their goals.

Outside the office hours….i enjoy family holidays, dirt bike riding, time with family and friends, and I love a good blockbuster movie. Something most people don't know about me is…I ran a pub with my wife Genya in Surrey England in 2001-2002, it was an amazing experience! I can't share all my stories with you here, but when you're in the office, I'm happy to share those great yarns with you.
